

Guillermo Söhnlein

Chairman

International Association of Space Entrepreneurs

Guillermo's professional career spans over fifteen years in a variety of fields, including space, entrepreneurship, technology, education, law, and consulting. A former officer in the United States Marine Corps, Guillermo has founded or operated several technology businesses in the speech recognition, Voice-over-IP, mobile gaming, and online advertising industries. He created a graduate-level entrepreneurship program at Stratford University and taught several of the core courses. His public service record includes serving as a member of the Citizen Advisory Committee for the Virginia Joint Commission on Technology and Science, Chair of the Leesburg (Virginia) Economic Development Commission's Entrepreneur Development Committee, and Chair of the Entrepreneur Committee for the Northern Virginia Technology Council. He currently volunteers with the National Foundation for Teaching Entrepreneurship, a national organization promoting entrepreneurship with inner-city youths. Guillermo earned an A.B. in Economics from the University of California at Berkeley and a J.D. from the University of California Hastings College of the Law.
